SUMMARY

I specialize in advanced frameworks, including React.js, Node.js, Vue.js, MongoDB, and more. Passionate about technology, striving to learn and extend my knowledge every day.

Check out my latest project: [Travelsdin](#).

Projects

Travelsdin

Social Networking App.

An E2E project inspired by "LinkedIn". Using **React.js**, **Redux**, **MongoDB**, **Node.js**, **Express**, Cloudinary, Sockets, and more.

Taskday

Project Management System.

In collaboration with more 2 team players and a team lead, we recreated "Monday", a project management system with **Vue.js** in the front and **Node.js** in the backend.

My other projects are on my [website](#).
